Dear Professor Panebianco ,

on behalf of ECOVE who met on 30. October, 2013, we herewith inform you of the evaluation result, based on the visit to your faculty from 4.-8. March, 2013.

The following major deficiencies have been found:

1. Inefficient number of necropsies in large and companion animals resulting in insufficient hands-on-training
2. Lack of isolation unit especially in large animals
3. Lack of mobile clinic
4. Low case load in the small animal teaching hospital

Therefore, in accordance with our Standards and based on the educational requirements of the EC Directive 2005/36, Article 38,

**the status of the Faculty of Messina is NON APPROVED**

In line with our agreement, we kindly ask you to publish the SER, the entire evaluation report including the ECOVE Final Decision on your Faculty's Website.

Yours sincerely,

Prof. László Fodor  
President
